Bicycle / Skateboard Registration

Hamburg Police Department Bicycle / Skateboard Registration Program

Too often bicycles and skateboards are lost or misplaced by children and sometimes even stolen. Stolen or lost bicycles are often used for a short time before being discarded into the woods or on the side of the roadway where they are usually located by our officers or concerned citizens.

For safekeeping, these abandoned bicycles and skateboards are retrieved by our officers and placed into storage. Unfortunately, if the owner is not located in a reasonable amount of time, the bicycle or skateboard may be disposed of or destroyed as our department has limited space for long-term storage.

Registering your bicycle and skateboard with the Hamburg Police Department gives the officers the ability to return them faster and easier when located. There is no personal information posted on the registration sticker. The stickers will be numbered along with the Hamburg Police Department name, address and telephone number. Even if a bicycle/skateboard is found outside of our jurisdiction by another police department, that police department will directly contact the Hamburg Police Department for ownership information.

Registering your Bicycle / Skateboard

- Complete the registration form below and bring to the Hamburg Police Department
- A non-expiring registration sticker will be issued. This sticker should be applied to the underside of the frame of the bicycle / skateboard
